### New Eurovignette tariffs valid from 1<sup>st</sup> July 2019

**Langenfeld, 13<sup>th</sup> May 2019.** – Effective from 1<sup>st</sup> July 2019, new tariffs will be valid for the Eurovignette. This has been declared by the Eurovignette Member States recently.

After 20 years in operation, the tariff structure will become more differentiated in order to take better care of environmental aspects: the cleaner a truck is, the lesser the tariff will be increased.

The tariff changes will be realized in a two-step-process: The first-step increase for Heavy Goods Vehicles with Euro-0 up to Euro-4 standard will be valid as of 1<sup>st</sup> July 2019. Euro 5 and 6 remain unchanged with the exception of the one-day-vignette that will be 12 € for all emission classes. Effective on 1<sup>st</sup> January 2020, there will be a moderate second-step increase only for Euro-5.

The new tariffs will be released on 27<sup>th</sup> May 2019. Then vignettes valid from 1<sup>st</sup> July 2019 can be booked.
